

**Point Pleasant Foundation  
Excellence In Education**

Spring 2009

Dear Residents & Business Leaders:

We'd like to celebrate your status as a "pillar" in the community, so you are cordially invited to partner with us as the Point Pleasant Foundation for Excellence in Education celebrates 12 years of service to the Point Pleasant community! In 1997 a group of dedicated people were determined to build a bridge between the schools and the private sector to inspire more business and civic involvement with the Point Pleasant Boro School System. Their vision and commitment helped create the Foundation, which has raised and distributed more than \$300,000 to the Point Pleasant School District in the form of new computer and playground equipment, leadership grants and higher-education scholarships to outstanding students, teacher-recognition awards, and teacher/student new-program grants.

We believe the best way to honor the founders of our Foundation is to continue their great work! To honor excellence, we strive to create local events that represent the character, wonderment and spirit that "is" Point Pleasant. Our 2009 calendar includes our "signature event," the 12th Annual High School Alumni Hall of Fame Dinner, which was held on March 13; the 11<sup>th</sup> Annual Golf Outing scheduled for June 22; and the 6<sup>th</sup> Annual Treasure Island Sprint Triathlon on Sept. 27, which has grown larger and more popular each year.

We would be honored to display your name or company name and signage at any and/or all of these events to celebrate your status as a pillar of our community and to honor your support of our important goals. Downloadable Pillar Sponsorship forms are posted in the Sponsor and Forms sections of the Foundation website, located at [www.point-foundation.org](http://www.point-foundation.org). If you have a question or inquiry, you can use the Contact Us form located on all pages of the website.

Thank you again for your interest and support!

Sincerely,

Regina Foley  
President, Point Pleasant Foundation for Excellence in Education
